PROJECT CYON

PRELIMINARY LEGAL DUE
DILIGENCE REPORT – PHASE I

September 15th, 2022

1. INTRODUCTION

A. SCOPE OF OUR ENGAGEMENT

We have carried out a limited legal due diligence ("Due Diligence") of Syonet Informatica Ltda. ("Syonet"), Syoserv Assessoria em Informática Ltda. – EPP ("Syoserv") and Lead Force Ltda. - ME ("Lead Force", along with Syonet and Syoserv called "Targets") for the purposes of a proposed acquisition of the Targets' quotas by Atlante Capital ("Atlante" or You" or "Client") ("Transaction").

As detailed in **Appendix II**, we have analyzed certificates regarding the Targets' current quotaholders Aurélio Bardou Martins, Paulo Kindel, Daniel Werner Corrêa, Isac Alves de Campos, Leandro Alberto Nogueira Gonçalves, Jordani Del Pino Caldeira and Alexandre Belló ("Current Quotaholders"). We have also analyzed certificates regarding companies in which the Current Quotaholders hold equity interest, namely: Sky Informática Ltda. ("Sky Informática"), Gugel & Kindel Cafeteria Ltda. ("Gugel & Kindel"), 7s Gestão em Informática Ltda. ("7s Gestão"), Belló Informática Ltda. ("Belló Informática") and Gonçalves & Emanuelli Ltda. ("Gonçalves & Emanuelli", along with Sky Informática, Gugel & Kindel, 7s Gestão and Belló Informática called "Related Companies").

As defined in agreement with Client, the Due Diligence was divided in two phases: (I) preliminary analysis of certificates and corporate documents that might suspend or cancel the Transaction ("Phase I"); and (II) complete Due Diligence ("Phase II").

As a result of the Phase I of the Due Diligence, we have prepared this Preliminary Legal Due Diligence Report ("Report") outlining our main findings and recommendations.

The Due Diligence was carried out based on the scope and subject to the assumptions indicated in **Appendix IV**, which we kindly ask You to consider. Our Due Diligence effort focused on legal matters deemed by us, in our sole discretion and based on Your guidance.

The content of this Report is based entirely on information provided by Targets in the VDR up to September 8th, 2022 (the "Cut Off Date"). For the purposes of the Due Diligence and preparation of this Report, we have reviewed the documents provided in the VDR that are governed by Brazilian law. A list of the documents that have been reviewed by us ("Reviewed Documents") is attached to this Report as **Appendix V**.

We have classified our main findings and recommendations under this Report as follows:

- The items classified as **High Risk** are related to matters considered critical due to (i) the high amount involved, and/or (ii) the fact that they may adversely impact the Transaction, and/or (iii) the fact that we recommend addressing them before the closing of the Transaction.
- The items classified as **Medium Risk** are related to matters of medium importance or that must be resolved, but not

necessarily before the closing of the Transaction.

- The items classified as **Low Risk** are related to matters that can be easily resolved or do not impact the Transaction.

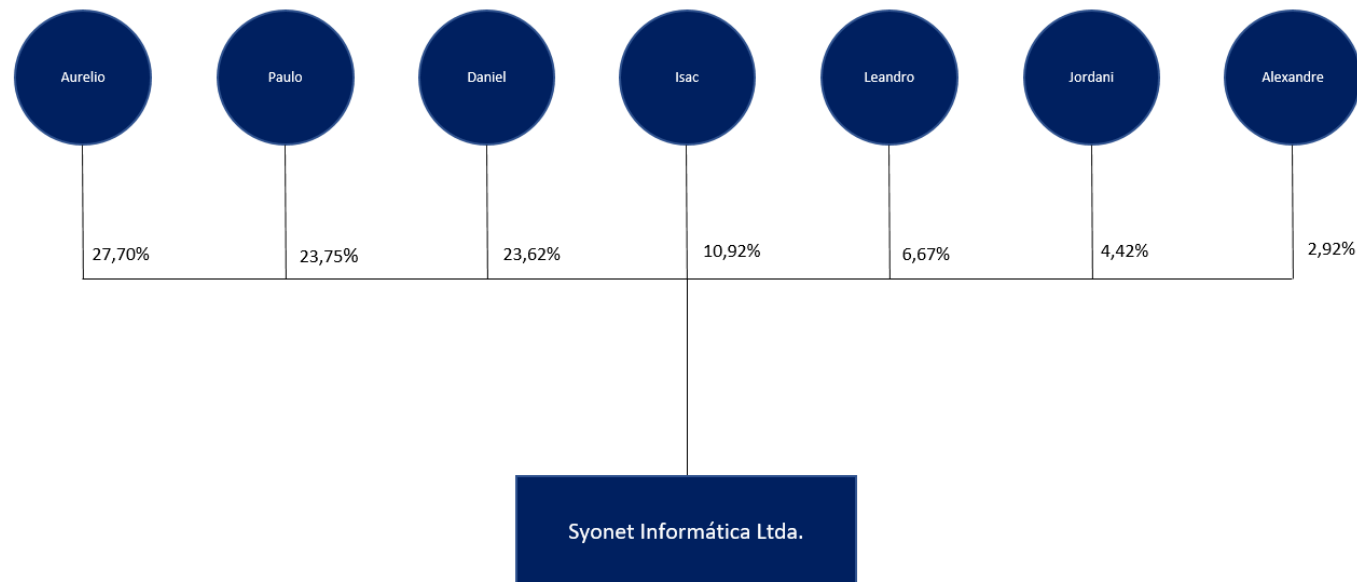

B. ADDRESSEES AND RELEVANT DATE

This Report has been prepared only for Atlante and its relevant representatives. The content of this Report is strictly confidential and subject to legal professional privilege. This Report may not be referred to, distributed or quoted, in whole or in part, nor may any part of it be communicated to any other party without our prior written consent.

São Paulo, September 15th, 2022.

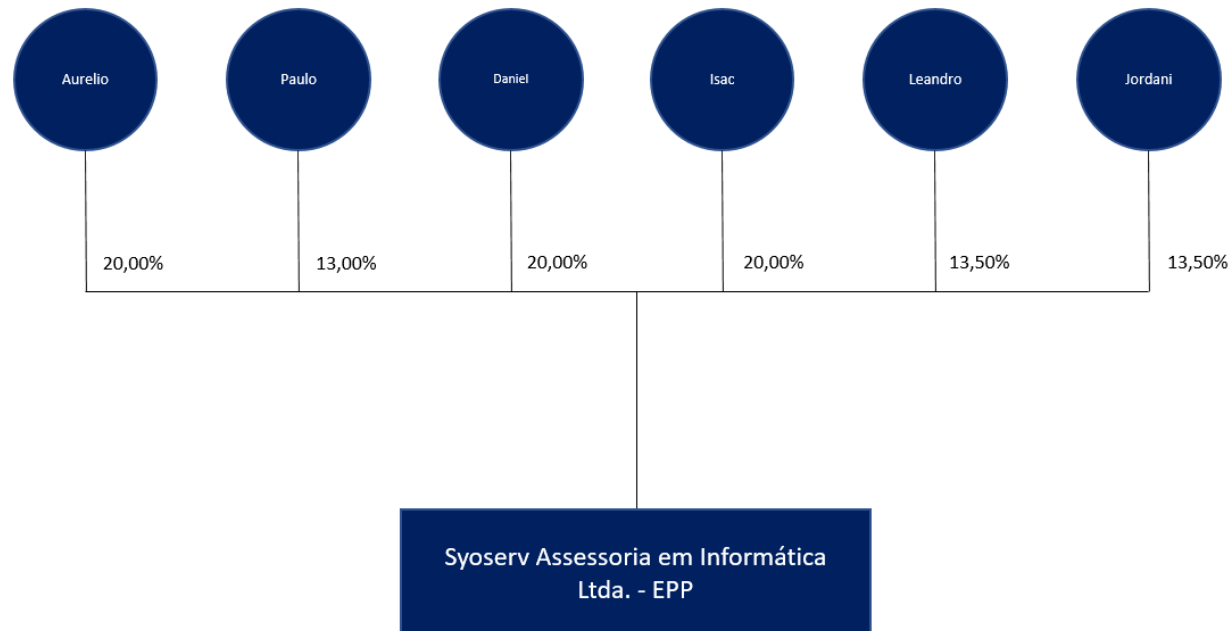

2. CORPORATE STRUCTURE OF TARGETS¹

2.1. SYONET:

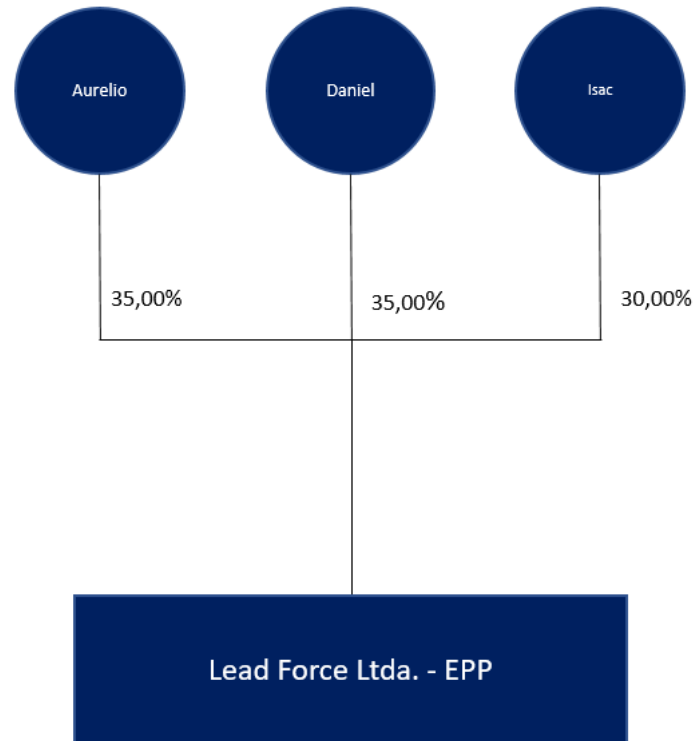

¹ Please refer to Appendix I for a summary of the main corporate information about Targets.

2.2. SYOSERV:

2.3. LEAD FORCE:

3. RISK MATRIX REPORT

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
1.	Corporate	Lack of Annual Quotaholders' Meetings to approve financial statements and distribute dividends.	<p>No annual quotaholders' meetings of Targets were held since their incorporation to approve the Targets' balance sheet and accounts and distribute dividends.</p> <p>According to Brazilian Law, quotaholders must approve annually, within four months following the end of each fiscal year, the balance sheet, and accounts of the previous fiscal year. The annual quotaholders' meetings are an important feature of transparency and the approval of the annual accounts and balance sheet is required to release the management from liabilities, except in the case of error, willful misconduct or fraud.</p>	We recommend executing quotaholders' meetings to approve Targets' accounts and balance sheets and distribute dividends related to the fiscal years of 2017, 2018, 2019, 2020 and 2021. Although this issue can easily be adjusted and formalized, we recommend including this as a pre-closing obligation to guarantee that the corporate situation of Targets will be regularized before the closing of the Transaction.	Low
2.	Labor	Non-compliance with the disabled/rehabilitated employees hiring quota	<p>According to section 93 of social security law No. 8,213/91, every company with 100 (one hundred) or more employees is required to fulfill 2% to 5% of its positions with disabled or rehabilitated employees, as follows:</p> <ul style="list-style-type: none"> i. up to 200 employees – 2%; ii. from 201 to 500 employees – 3%; iii. from 501 to 1,000 employees – 4%; and iv. from 1,001 employees or more – 5%. 	We recommend confirming: (i) how many employees Syonet must hire to comply with the quota and (ii) if Syonet is taking any action/measure towards the compliance of the quota.	Medium

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
			<p>As per the Certificate of Compliance with Disabled Employees/Rehabilitated Employees Hiring Quota, Syonet does not hire any disabled/rehabilitated employee.</p> <p>Thus, Syonet may be subject to an inspection by the Ministry of Labor and Social Security in the future, which may result in an administrative fine.</p> <p>Currently, the administrative fine due to the non-compliance with the quota can vary from BRL 2,926.52 to BRL 292,650.52 (annually updated) and it is calculated based on the number of employees with disabilities or rehabilitated not hired. Moreover, it may also result in the filing of a labor administrative proceeding by the Ministry of Labor Prosecution.</p> <p>Considering we were not provided with information regarding the current number of employees of Syonet, we cannot assess the number of employees Syonet should hire to comply with the quota.</p> <p>Several companies have difficulties to comply with it due to the lack of disabled employees duly</p>		

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
			qualified for the positions. Nevertheless, this fact does not exempt them from complying with the rules. Thus, Syonet must try to fulfill with the quota and be able to evidence in the event of questioning that it is doing its best to hire the employees and to comply with the law.		
3.	Social Security	Possible social security debt	<p>The Federal Revenue Account Statement of the Targets indicates Social Security's Contributions debts under analysis.</p> <p>It is common for social security debts to appear on statements near the 20th day of the month since the statements are filed by the companies before such date and the amounts are suspended until the payment or compensation is recorded.</p> <p>Considering that the statement was issued before such period, we understand that, at the time the statement was issued, the debts were not collected yet.</p>	We recommend requesting during Phase II updated Federal Revenue Account Statements of the Targets to confirm if the debts were written off as well as including specific representations and warranties of the sellers related to social security debts in the definitive documents of the Transaction.	Low
4.	Civil Litigation	1 execution lawsuit against Sky Informática	We received just one certificate containing civil lawsuits involving the Targets. In this certificate there is only an execution lawsuit, filed by André Luiz Castilhos Magoga against Longview Inovações em Tecnologia da Informação Ltda. and Sky	The definitive documents of the Transaction shall include specific form of protection, i.e indemnification, with respect to liabilities that may arise from the companies in which the Current Quotaholders hold an equity participation.	Low

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
			<p>Informática requesting the payment of BRL 15,260.69.</p> <p>The defendants underpaid the amount under execution, so the judge determined the freezing of the remaining amount. Since the defendants didn't object the decision, the frozen assets were converted into payment, thus fully satisfying the debt. On July 20th, 2022, the case was sent to the file.</p> <p>Therefore, we understand that the risk is low because: (i) the amount under execution has already been fully paid by the defendants; and (ii) this is an execution lawsuit filed against the company in which the Partners own an equity participation (Sky Informática), which means that it would be considerably difficult to reach the Targets, since it would be necessary to recognize disregard of corporate entity twice.</p>		
5.	Tax	Existence of income tax ("IRPF") debit on behalf of one of the Current Quotaholders	According to the Tax Certificate issued by the Federal Public Attorneys' Office ("PGFN") and by the Federal Revenue ("RFB") and to the Account Statement issued by the Federal Revenue provided by the Targets, the Company shareholder Alexandre Bello holds debts of IRPF regarding the period from August to December/2022, which are pending	We recommend the inclusion of specific protections in the definitive documents of the Transaction, such as warranties regarding these specific debts of income tax held by Alexandre Bello. Also, consider this for pricing purposes considering the Transaction structure.	Low

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
			<p>payment, but its liability is suspended. The original amount involved on the matter is BRL 7,871.10.</p> <p>However, we have not been provided with more information about the origin of these debts, and if they are related to activities carried by the Targets.</p> <p>Although we do not consider such issue to be a red flag, due to the lack of information we cannot affirm that there is no impact to the Transaction.</p>		
6.	Tax	One active tax lawsuit on behalf of one of the Current Quotaholders to charge debts of Property Tax ("IPTU")	<p>According to the information provided by the Targets, one of the Current Quotaholders, shareholder Leandro Alberto is a party in the Tax Enforcement No. 5008273-32.2021.8.21.0018, filed by Montenegro's Municipality (State of Rio Grande do Sul) to charge debts of IPTU from a real state he owns.</p> <p>Such debts were enrolled on the outstanding municipal debts under the Nos. 1605 and 1610/2021. The original amount involved on the matter is BRL 2,936.39.</p> <p>However, according to the documents provided, Leandro has already paid these debts, and the payment has been recognized by Montenegro's</p>	Until the case is effectively closed, we recommend the inclusion of specific protections in the definitive documents of the Transaction, such as warranties regarding this specific proceeding. Also, consider this for pricing purposes considering the Transaction structure.	Low

No.	Due Diligence Area	Risk / Liability	Description	Recommendations	Risk
			<p>Municipality, that required the dismissal of the Tax Enforcement mentioned above.</p> <p>Therefore, in September 12th, 2022, the judge rendered a decision dismissing the Tax Enforcement.</p> <p>Considering that Leandro has paid the debt and the judge rendered a decision dismissing the Tax Foreclosure and that the Municipality of Montenegro has issued a Tax Clear Certificate of IPTU, there is no chance of loss regarding this lawsuit.</p>		

Remarks:

Certificates: The detailed analysis of the lawsuits and debts identified in the positive certificates (as detailed in Appendix II) will be carried out during Phase II of the Due Diligence.

APPENDIX I – TARGETS’ MAIN CORPORATE INFORMATION

Name	SYONET INFORMÁTICA LTDA.	CNPJ/ME (Tax ID)	05.960.589/0001-93

APPENDIX IV – SCOPE OF REVIEW AND ASSUMPTIONS

A. SCOPE OF REVIEW

The review and analysis of the Reviewed Documents are based on Brazilian law. The scope of our review in Phase I of the Due Diligence is limited to the following subject matters:

- Certificates: analyzing the certificates related to lawsuits involving the Targets, the Current Quotaholders and Related Companies and preparing to search for possible liabilities deriving from administrative and court proceedings in labor, civil, social security and tax matters during Phase II of the Due Diligence.
- Corporate: verifying the ownership of the quotas of the Targets, possible encumbrances, quotaholders' agreements or other rights of third parties in relation thereto, as well as possible liabilities related to prior corporate transactions that may impact the Transaction.

B. ASSUMPTIONS

Our work and our responsibility in the preparation of this Report are limited by the following aspects and qualifications:

- Any legal due diligence work has certain inherent limitations. The first major limitation relates to the investigation itself, since it is

impossible to ensure that any and all legal aspects pertaining to the investigated Targets have been analyzed, or that any and all risks involving such Targets or the proposed Transaction have been detected. In addition, a legal due diligence work cannot and should not be used as the only basis for a decision involving the proposed Transaction;

- We emphasize that the scope of our analysis was based only on the documents submitted and on certificates that could be issued by us.
- The scope, depth and breadth of our work was defined in agreement with the Client and may not reflect our standard due diligence procedure or the procedures we would recommend to other parties in other context. Accordingly, we do not assume any responsibility for any matter or analysis outside the scope defined for our work, as detailed above;
- Our conclusions are based solely on the documents and sources of information expressly indicated in the Report, whose sufficiency we cannot ensure. Therefore, we do not assume any responsibility for any information or conclusion that would derive from sources we have not examined or documents we have not reviewed;
- We have assumed as true and complete any documents and copies we have reviewed and that all written information received or obtained is correct and accurate;
- Except when expressly indicated otherwise by the Targets, we assume that all parties bound to agreements provided to our review are compliant with all terms of the relevant agreements;

- We do not provide any assurance or representation as to the accounting books and records, since the scope of our professional activity does not include matters of a financial, economic or statistical nature. As a result, we suggest that You seek advice from Your independent auditors or financial consultants with respect to the figures and amounts indicated in this Report, especially in connection with actual or potential liabilities;
- Our legal review is based solely on the laws and regulations of Brazil in force on the date of this Report.
- There may exist ulterior liabilities not informed by the Targets which are not identified in this Report, since no independent investigation has been carried out, unless otherwise indicated in this Report. We do not assume any responsibility to update our investigation based on facts disclosed or occurring after the date of this Report.
- The Due Diligence did not cover the verification of routine accounting, financial, tax, contractual and RH procedures, as well as labor compensation arrangements adopted by the Targets.

APPENDIX V – LIST OF REVIEWED DOCUMENTS

Corporate
<ul style="list-style-type: none"> • Targets' Corporate Chart • 9th amendment to Syonet's bylaws, dated August 05, 2020, registered at JUCERS • 9th amendment to Syoserv's bylaws, dated August 06, 2020, registered at JUCERS • 3rd amendment to the articles of association of Lead Force, dated October 16, 2019, registered at JUCERS • List of Lead Force's corporate transactions • Public Power of Attorney granted by Syoserv to Daniel Correa, dated January 13, 2021 • Public Power of Attorney granted by Isac de Campos to Daniel Correa, of February 07, 2022 • List of Targets' properties • Authorization to operate, issued by Porto Alegre City Hall, referring to Lead Force - valid until March 2023
Certificates
